THIS IS THE WAY TOURING SHOULD BE

The Auto-Sleeper Coachbuilt range is a collection of classic British motorhome layouts offering various seating arrangements dependent on whether you favour a more relaxed lounge aesthetic or require additional travel seats and a formal dining space.

space to entertain, relax and dine. At the rear of these coachbuilts there are several configurations with greater focus on either large kitchen, lounge or chic washroom facilities. With plenty of variation to choose from there is bound to be a layout perfect to take you away on your next adventure.

Whatever you choose, you'll find well-upholstered furniture with scatter and bolster cushions for luxury, comfort and ample living

3.5 Tonne Chassis Models

A range for everyone; Auto-Sleeper coachbuilts are built on a lightweight 3500kg chassis, so they can be driven on a standard driving license.

Grade 3 Insulation

All 2024 Auto-Sleeper Coachbuilts have achieved Grade 3 classification for heating and thermal insulation.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

PEERLESS & REFINED

It is a popular choice amongst Auto-Sleeper customers; offering, both low profile and highline models with a choice of Short, Medium and Long wheel base chassis all of which feature car like drivability. Offering incredible comfort and style, Auto-Sleeper Coachbuilt motorhomes are like no other.

Auto-Sleeper Coachbuilts feature a range of spacious interior layouts each with a luxurious front or rear lounge options; perfect for winding down after a day of exploring the great outdoors.

Coachbuilt models provide plenty of spaces to store your luggage and touring equipment.

READY TO COOK UP A STORM?

Budding chefs will feel right at home, Coachbuilts feature well equipped kitchens with plenty of worktop space for food preparation. All models feature a flexible dual-fuel hob with separate oven and grill, microwave oven plus an extractor fan to dispel cooking smells. Keeping food fresh at it's best isn't a problem thanks to the large fridge/freezer.

You'll find that the provision for storing groceries and utensils is excellent, with combinations of drawers, cupboards or roof lockers in the kitchen areas providing all the space you'll need to cater for the most extravagant of meals.

Dual Fuel Hob

Kitchens include a flexible dual-fuel hob with separate oven and grill

Microwave Oven

All Coachbuilts feature a 230v Dometic microwave oven for convenient cooking on tour.

Fridge-Freezer

Keep your food fresh with the large 3 way refrigerator with freezer compartment

LEFT: Keep your food fresh with the large 3 way refrigerator
 ABOVE: Peugeot Coachbuilts contain spacious storage options for all groceries and utensils

TIME TO PUT YOUR FEET UP

When you're ready to get your head down for the evening, Auto-Sleeper Coachbuilds lounges and dinettes are easily converted into double and/or single beds depending on model.

Overcab models can offer even greater flexibility, providing space for up to 4 to sleep or the ability for couples to climb straight into bed without the need to disrupt the seating area. The Broadway FB model features the ultimate in luxury with a rear fixed French bed.

LED Lighting

Create the right atmosphere with energy efficient LED lighting including positionable reading spotlights.

Reflex™ Foam Upholstery

Premium quality Reflex™ foam in all soft furnishings for ultimate comfort.

MULTI-FUNCTIONAL WASH AREAS

Auto-Sleeper Coachbuilds feature practical space-saving multi-functional washrooms which offer maximum functionality of the space. The washrooms combine a shower and toilet area to save space, however the wall onto which the basin is affixed swings

through 90 degrees to create a showering space away from the cassette toilet.

Broadway EB and FB models even include separate shower cubicles with an extractor fan.

SPACE FOR EVERYTHING

The design experts at Auto-Sleepers have created this range of motorhomes to offer no compromises when it comes to storing your luggage and equipment when out on your travels. They have utilised the space to ensure that you can make the most of your payload and take all your necessary belongings with you, so there is no need to leave any of the essentials behind.

- Pre-Installed S7 Vehicle Tracker and EBFD as standard
- Rear fog lights
- Driver and passenger airbags

ZENEC

2024 Auto-Sleepers Coachbuilds built on a Peugeot Chassis Feature the all-new ZENEC Z-N965 DAB+ infotainer with 9" display screen.

Making phone calls, using Google or Apple maps to find a destination, playing music and sending or receiving messages is true mobile convenience made possible with the ZENEC Z-N965 DAB+ infotainer. Control and operate apps either via the device touchscreen or with the Apple Siri or Google's voice assistants.

CUTTING EDGE ENGINES

Auto-Sleepers 2024 Coachbuilt range motorhomes are fitted with Peugeot's BlueHDi and Fiat's Multijet3 engines both offering the latest generation of fuel and environmentally efficient Diesel engines.

PEUGEOT (140bhp Manual Gearbox)

Auto-Sleeper Coachbuilds built on the Peugeot Boxer chassis feature 140bhp Euro6D BlueHDi Diesel engines, designed and produced by the PSA Group.

Generated from a world-famous diesel heritage and innovative, automotive engineering excellence, BlueHDi complies with Euro 6 emission standards to deliver a driving experience rich in power and performance but with exceptional fuel economy and CO₂ emissions.

FIAT (140bhp Manual Gearbox & Optional 140/180bhp Automatic Gearbox)

2024 Auto-Sleeper Fiat models offer top performance, extreme reliability and reduced fuel consumption & CO₂ emission thanks to Fiat's new generation of engines designed specifically for Campervans.

The new Ducato Multijet3 powertrain lineup offers a wide range of choices that makes your journey easier. 2024 models are available with a range of automatic engine options (140hp and 180hp power levels), all with reduced noise level, weight and best-in-class fuel consumption.

AL-KO FOUNDATIONS

Since 1979, AL-KO has been at the forefront of motorhome chassis conversions. AL-KO has worked to engineer a lightweight, low height chassis perfectly suited for motorhome use. AMC chassis are specially engineered to provide the maximum strength and stability within the lightest possible frame.

This enables motorhome owners to take additional luggage, but also provides the opportunity to carry heavier and larger leisure equipment.

PRACTICAL FEATURES

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

Our expert motorhome designers have designed the internal layouts of our motorhomes to optimise efficiency of the living spaces; balancing freedom of movement with storage of equipment and features.

To complement the design of the space, Auto-Sleepers install the finest materials and equipment to produce leisure vehicles of the highest standard.

To create as much internal space as possible, features such as the LPG gas tank and heating systems are mounted underfloor. They are however still easily accessible when required.

To ensure that owners can use their vehicle all year round, every model meets grade 3 classification for thermal insulation, so there's nothing stopping you escaping to the outdoors.

Metalarte habitation door with sliding flyscreen door

Auto-Sleeper Coachbuilts are fitted with a safe and secure exterior habitation door featuring single key locking. For added comfort and hygiene, these doors are also fitted with a useful pleated-mesh flyscreen to help keep annoying pests out of your living area.

High quality Reflex™ foam upholstery.

Auto-Sleepers soft furnishings are constructed with UK manufacturer Vitafoam's premium quality Reflex™ foam for superior comfort, durability, recovery and service life.

Spacious storage facilities

To help make the most of your space, our designers have included numerous space saving storage options to securely stow your luggage.

Dine Al'Fresco!

Feel like making the most of some glorious weather? All Auto-Sleeper models feature external BBQ points for quick and easy outdoor dining.

80W Solar Panel

Be more self-sufficient and save money on your next holiday thanks to the included Solar Panel

Grade 3 Insulation

All 2024 Auto-Sleeper Coachbuilts have achieved Grade 3 classification for heating and thermal insulation.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

THE LITHIUM DIFFERENCE

Auto-Sleepers are fitted with Lithium iron phosphate leisure batteries (LiFePO4 or LFP) which offer lots of benefits compared to lead-acid batteries. Including, longer life span, extremely safe, lightweight, improved discharge and charge efficiency, all whilst providing a long life span.

- Heavy on power. Light on weight**
 Compared to lead-acid batteries lithium provides great energy density and are at least half the mass. Go for lithium if you want to reduce concerns about battery weight, performance and size.
- Long lifetime. Lower costs**
 A huge advantage to lithium technology is the life cycle rating which far surpasses alternative technologies. Lithium batteries operate ten times longer than lead-acid.
- Quick and efficient**
 Lithium can charge and discharge at a high rate providing maximum versatility. Fast charging minimizes downtime, and lithium's high rate of discharge is perfect for a burst of power.
- Low self-discharge**
 Lithium batteries have a very low self-discharge rate; <3% per month. Compared to lead-acid this is 10 times lower.
- Maintenance free**
 Lithium batteries don't require active maintenance to extend their service life and include built in automatic overcharge protection.

TN Lithium Iron Battery (std)

As standard 2024 Auto-Sleeper models are fitted with 60ah TN Lithium iron phosphate leisure batteries (LiFePO4 or LFP). These are up to 40% lighter than conventional lead acid batteries at just 10.2kg, and using the technology of lithium iron phosphate cell provide superior safety, up to 3000 cycles and 100% Depth Of Discharge, under normal conditions.

84ah & 100ah Battery Upgrades

For those who have a need for larger power capacity, 2024 Auto-Sleeper models can be upgraded to higher 84ah and 100ah batteries as cost options. Speak to your Auto-Sleeper dealer for more information.

**5G
READY
ANTENNA**

5G READY WIFI

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

*Premium Pack

MORE COMFORT ON TOUR WITH TRUMA

TRUMA INET SYSTEM

More comfort on the move in a new dimension: The Truma iNet System enables the Combi heater and Truma air conditioning systems to be remotely controlled anywhere and anytime; be it on the ski slopes, at the beach or when hiking. The Truma iNet

System allows you to control the units easily and simply via the Truma app from wherever you are, and to query the current device and vehicle status. This makes camping much more easy, comfortable and safe.

AVENTA AIR CONDITIONING SYSTEM

All Auto-Sleepers have the option of having an Aventa Compact Plus Conditioning system installed. The Truma roof air conditioner excels with its performance power – Although being especially efficient and economical in consumption the Aventa turns the vehicles into a feel good zone thanks to its high performance. The powerful cooling capacity ensures this on hot summer days. In cool nights the economical heat pump function (2 ventilation steps) for pleasant temperatures. At the same time the air

is not only dehumidified, but also cleaned by a new honeycombed air filter.

The integrated sleep-mode reduces speed of the ventilator in the night and so by very silent air distribution a particular smooth running of the air conditioner is achieved. The single adjustable air-outlets offer various possibilities to dispense the conditioned air in the vehicle.

TRUMA COMBI CP PLUS

Just set your own comfort zone with the Combi CP plus boiler from Truma. The Combi CP provides heating and hot water boiler in one device and the practical turn-and-push controls of the digital control panel make operation of the system really easy.

You can intuitively select the required room or water temperature, and the Boost function offered by the

CP plus adds real value: it warms the water even faster, and heats the leisure vehicle to a pleasant temperature – at the push of a button.

This digital high performer even lets you determine the energy source, adjust the fan, or programme the functions of your Combi heater or air conditioning unit by times.

SAFE HEATING ON THE MOVE

DRIVE SAFE REGULATOR

For 2024, all Auto-Sleeper models feature an innovative gas pressure regulator from Truma. It offers its users a safe and convenient supply of gas when on the move. With an integrated gas flow monitor, you can use your liquid gas heater whilst driving.

accidents that take place at low impact speeds of 10mph, closing the gas supply before damage can be caused to the lines or devices.

How safe is it to operate a gas system for heating while you are on the move? Truma has the answer: for years, we have been further developing technical standards for protective devices that enable heating whilst driving; and now we have also incorporated a crash sensor into our new generation of gas pressure regulation systems. This sensor even responds to

So you can arrive at your destination with everyone feeling relaxed, reassured, and safe. Truma gas pressure regulation systems offer everything required to ensure safe heating on the move, throughout the whole of Europe.

For further information on Truma products please:

For everyone who chooses Truma – valid only when used with our regulators, filters and hoses. Register now at www.truma.com/regulatorwarranty

AUTO-SLEEPERS GO

UTILITY MANAGEMENT SYSTEM

EASY ACCESS CONTROLS

Rest easy knowing that your Auto-Sleeper motorhome is equipped with the advanced Auto-Sleepers GO! Utility Management System (UMS). But what exactly is it? The Auto-Sleepers GO! UMS seamlessly integrates cutting-edge electrical systems from the innovative UK electrical manufacturer, Sargent, and heating systems from renowned manufacturers such as Truma (for Coachbuilt models), Whale (for Campervan models), and Alde (M-Star). Designed to centralize the controls for all your on-board leisure facilities, the UMS ensures easy and intuitive management. Moreover, the inclusion of Sargent's CAT6 vehicle tracker, accessible remotely through 'Auto-Sleepers LOCATE,' provides you with the peace of mind that your motorhome is secure.

MANAGE YOUR ONBOARD SYSTEMS

The LCD touch-screen control panel allows you to easily monitor and control your motorhome's on-board systems. This functional all-in-one panel makes it simple to manage your lighting, battery and water so that you can spend more time enjoying your trips away.

TEMPERATURE CONTROL

Coachbuilt models are fitted with the digital Truma iNet X control panel allowing you to set the temperature in your Auto-Sleeper motorhome quickly and easily. Choose functions like fan speeds and night time economy mode instantly. The automatic climate control ensures a constant indoor temperature in all weathers.

LOCATION TRACKER

Check the location of your motorhome and see the location of all Auto-Sleeper approved dealer workshops using Sargent's Auto-Sleeper Locate function..

For more information on Auto-Sleepers Locate please:

[CLICK HERE](#)

HAVE IT YOUR WAY

Auto-Sleepers have been hand-crafting motorhomes to stand the test of time for over 60 years and we believe that your motorhome should be tailored to be exactly how you want it. That's why we offer numerous personalisation options to enable you to customise your vehicle to meet your requirements.

ROOF OPTIONS

Selected Auto-Sleeper coachbuilt models are built with one of two roof types. Luton models have the option of either a skyview rooflight or a storage locker available at no extra cost. Speak to your local dealer for more information.

Low Profile

The lowline roof is available with either a large opening skyview rooflight or additional locker storage.

Luton

The overcab luton offers additional sleeping accommodation for two people. Unavailable on Nuevo Plus and Broadway EL models.

FABRIC OPTIONS

Every Auto-Sleeper Coachbuilt comes with a choice of colourways from the latest range of hand-picked Belgian 'Pamplona Trigo', 'Pamplona Azul' or 'Vogue Pebble' fabrics, providing a luxurious finish for that added personal touch.

PAMPLONA

TRIM OPTIONS

VOGUE PEBBLE

SEATING OPTIONS

Selected Coachbuilt models are available with the option of two rear seating configurations. Choose from either twin benches, creating a spacious lounge or additional rear travelling seats**, which allow for extra passengers to be transported in the rear safely. Please note that optional rear travelling seats cannot be combined with optional luton overcab roofs.

SEAT BELT SAFETY

Seat belts for the front cab seats in motorhomes have always been installed by the base vehicle manufacturer since the law required them to do so and wearing them is a legal requirement whenever the vehicle is being driven.

However, seat belts in the rear of a motorhome are more complicated; where a designated travelling seat is available it must be used, however, where

there isn't one it's not illegal to travel in the rear without wearing one at present, although this could well change in the future.

In the interests of everyone's safety and peace of mind, Auto-Sleepers always recommend when travelling in the rear of a motorhome, it should be in a designated travelling seat with the three point seat-belts in use. Please note that adding optional

seatbelts reduces vehicle payload by 40kg.

Look out for the red seat-belt symbol next to the layout to indicate the availability of designated rear travel seats which have been tested and approved as fully compliant with European whole vehicle type approval for your total safety and peace of mind.

Situation	Front Seat	Rear Seat	Responsibility
Driver	Seat belt must be worn if fitted	-	Driver

TELECO

SERVICE YOU CAN COUNT ON

The Auto-Sleeper Service Centre caters specifically for the needs of the motorhome, campervan and caravan owner. Located around the corner from the Auto-Sleeper factory in Willersey, near Evesham, Worcestershire. We offer annual habitation checks, accessories and modifications. Additionally, we can also offer motorhome, caravan and campervan repairs, accident or insurance claims.

The Service Centre technicians have many years' service with the company and are fully trained. Although specialising in Auto-Sleeper models, work can be carried out on any type of vehicle or caravan irrespective of make

but please note we are unable to undertake warranty work on other manufacturers vehicles.

The habitation check covers the motorhomes/ caravan chassis, body, fixtures, fittings and include full gas and electric system checks. Base vehicle servicing and Mot's can be arranged off site if necessary.

Dedicated to customer care, the Service Centre offers a comfortable waiting room, refreshments and mains hook-ups for an overnight stay.

AUTO-SLEEPERS PARTS DEPARTMENT

The Auto-Sleepers Parts Department aims to provide parts for Auto-Sleepers old and new. When contacting this Department, customers should have to hand the Auto-Sleepers production number of their vehicle (this can be found in the vehicle glovebox). We endeavour to provide parts for older vehicles, but are unable to guarantee to supply parts that are no longer manufactured by our suppliers.

AUTO-SLEEPERS MOTORHOME WARRANTY

You can be confident about owning an Auto-Sleeper, because we are confident about the way in which we build them. The conversion work of every Auto-Sleeper is covered by our own three year warranty* scheme plus and an additional three year water ingress warranty*. The cover is not restricted to mileage and protects all aspects of the motorhome.

*Terms and conditions apply, please refer to your handbook for further information.

PEUGEOT WARRANTY

All motorhomes first registered in the UK and purchased from a UK Peugeot Approved Manufacturer benefit from a Peugeot 3 Year unlimited mileage warranty and an 3 year paint guarantee provided by the Peugeot Dealer Network in the UK.

This additional warranty carries a mileage limit of 100,000 miles from first registration and is dependent upon the manufacturer's recommended servicing being carried out at the specified time or distance intervals. For full terms and conditions, please consult your Peugeot Dealer in the UK.

Peugeot Assist

All new Peugeot motorhomes come with 3 years' Peugeot Assistance - breakdown assistance service.

Peugeot Assistance includes:

- European cover
- Homestart
- Roadside assistance
- Vehicle recovery
- Free replacement car or hotel accommodation if required.

For this service call 00800 08082424

FIAT WARRANTY

Fiat provides a manufacturer's warranty for the base vehicle (as supplied to Auto-Sleepers) for a period of two years. For any issues with the base vehicle please contact your local Fiat dealer.

Your base vehicle warranty is subject to the terms and conditions contained in the respective chassis manufacturers' service literature. Your vehicle must be serviced in accordance with the chassis manufacturer's requirements.

Fiat Camper Assistance

All new Fiat motorhomes come with Fiat Camper Assistance the dedicated roadside assistance service for Fiat motorhome owners. Owners of Fiat motorhomes can benefit from the following:

- 1500 service centres throughout Europe
- Roadside assistance 24 hours a day
- Fiat Customer Care Call Centre.

For this service call the universal multilingual telephone number 00800 3428 1111# - for Ducato motorhome owners (even those with older models) in 13 languages and available in 44 countries.

Services include:

- Information (also to callers who are not Ducato customers)
- Customer Care
- Roadside assistance for Ducato customers, 24 hours a day, 7 days a week.

An alternative number is also available: +39 0244412160.

#free depending on country and operator.

Please Note: The MRO is the mass of the unladen vehicle, including an allowance for the driver (assumed 75 kg) and a 90% full fuel tank. The MRO is calculated with the fresh water tank empty. If you travel with water in the freshwater tank then the User Payload will reduce accordingly. The optional automatic gearbox on the Fiat chassis will increase the MRO by 50 kg and therefore reducing the user payload by the same amount. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012. All motorhomes in this brochure conform to the

European Standards for Motorhomes: EN1646 -1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

The Maximum User Payload includes:

- Conventional load, is the allowance for passengers
- Essential habitation equipment includes items and/or fluids required for safe and proper functioning of the habitation equipment. Optional equipment is items available from the manufacturer over and above the standard specification.
- Personal effects, items not effected by the above.

COACHBUILTS - Standard & Optional Equipment Overview

Base Vehicle Specification

- Fiat Ducato or Peugeot Boxer Turbo Diesel 140bhp Euro 6.D manual engine
- Optional Fiat Ducato automatic engines#
